Sperling Industries Ltd. is a leader in structural steel manufacturing and mechanical equipment supply and installation. We are currently looking for a ***Field Welder*** *to join our growing team.*

Summary:

As a Field Welder, you will work on construction and industrial project sites performing welding, structural steel installation, equipment repairs, and general construction support.

Primary Responsibilities:

- Perform welding and fabrication work on project sites
- Assist with the installation, maintenance, repair, and modification of structural steel and agricultural equipment
- Operate hand and power tools
- Load and unload materials, tools, and equipment
- Maintain clean, organized, and safe work areas

Education, Experience, skills:

- Welding experience is required, CWB tickets are an asset
- Reliable attendance and strong work ethic are required
- Ability to read, write, and communicate effectively in English
- Willingness to work away from home as required as well as work extended shifts, evenings, weekends, and overtime when needed
- Capable of performing labor intensive tasks as required

Compensation and growth opportunities:

- Starting Salary $28 - $38 an hour depending on qualifications and experience.
- Overtime paid at 1.5x after 8 hours a day and 40 hours a week
- 6% vacation pay and 4% general holiday pay on each weekly pay cheque
- Comprehensive Dental/Medical benefits package after 3-months
- RRSP contribution and employer match program for long term employees
- Opportunity to obtain CWB tickets and/or join the apprenticeship program while working alongside experienced welders, fabricators, millwrights and construction professionals
- Stable year-round employment and travel
